Mobile Seating and Presentation System MIKADO
A sculpture, generous presentation space, variable seating accommodation, and all that in one piece of furniture? The three-part system consists of two boxes which are combined through swivel joints via a stacked frame. The boxes on wheels serve for presenting media and can also be used for sitting and cross-reading.

MIKADO Frame
Veneered wood/plastic coated, Board thickness 38 mm (1.5"), D 500 mm (19.7"), H 400 mm (15.75")
Total height with Box 900 mm (35.4")
Partition wall can be contrasted in color.

Order No.

B 7401 010 XX Length 1000 mm (39.4")
B 7401 020 XX Length 1500 mm (59")
B 7401 030 XX Length 2000 mm (78.7)

MIKADO Box
Veneered wood/plastic coated
D 500 mm (19.7"), H 495 mm (19.5")
on 4 casters with stops, Ø 75 mm (3")

Order No.

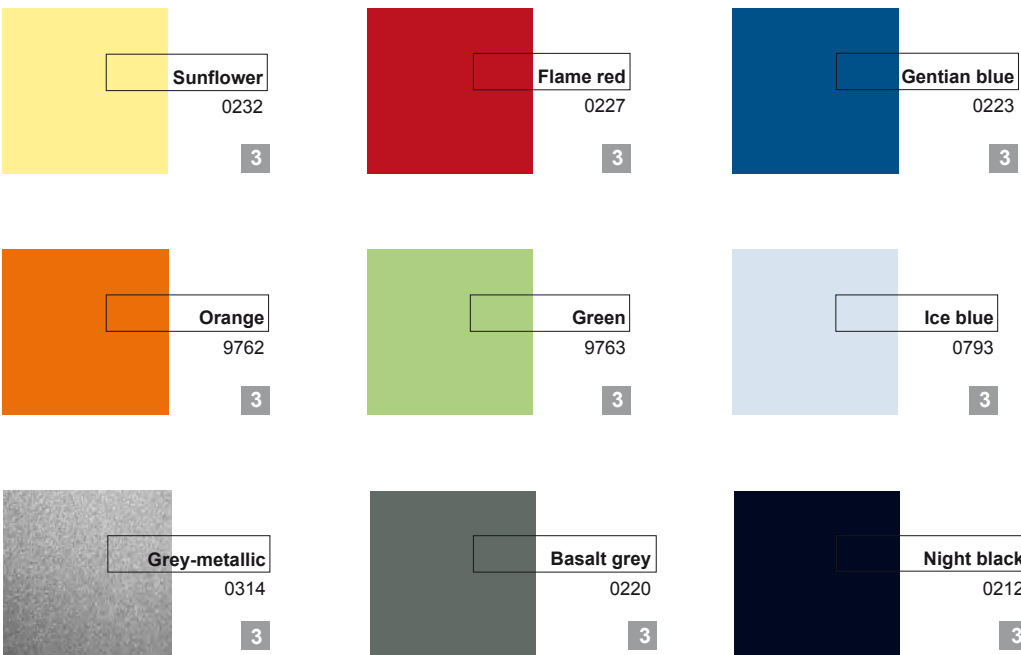

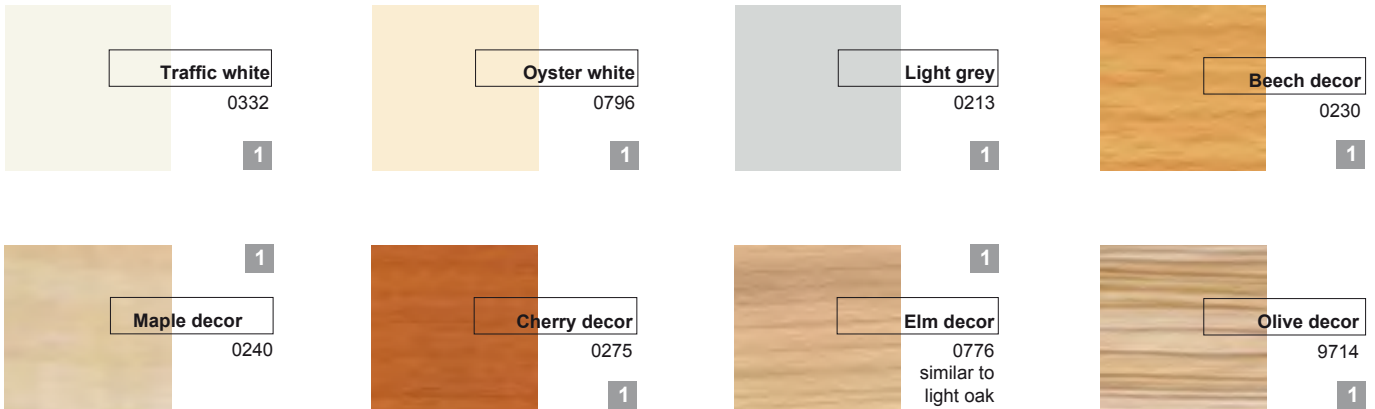

B 7400 010 XX Length 1000 mm (39.4")
B 7400 020 XX Length 1500 mm (59")
B 7400 030 XX Length 2000 mm (78.7)

Labeling service available upon request

Surfaces

from solid wood veneer and plastic

Wooden surfaces are either directly plastic-coated or covered with an HPL laminated plastic, depending on their application. Differences in colour underline the characteristics of solid wood surfaces and cannot be avoided. Solid wood changes its colours under the influence of light. Table and work surfaces with solid wood veneer have only limited abrasion resistance. We recommend our highly resistant plastic decors for these types of surfaces. We use environmental-friendly lacquers for our solid wood surfaces.

DESIGN OPTIONS

Other surfaces and veneers upon request.
